A TRAGIC OCCURRENCE NEAR EATON.

Two Young Ladies Killed-Other State News -A Strike for Shorter Time-The Stone Murder Trial-President Jordan's New Faculty-Notes.

Muncie, April 14. - [Special.] - Two young ladies of prominent Delaware county families met tragic deaths this morning from the same accident and dying in the same hour. They were Cora, the twelve-year-old daughter of Dr. A. L. Murray, a prominent physician of Eaton, ten miles north of Muncie, and Emma, the twenty-year-old daughter of Jacob Peterson, a wealthy farmer living near Granville, a village a few miles distant. Miss Cora had been visiting Miss Peterson over night, and both girls started for Eaton this morning to attend a normal school in session there. They rode in a light cart and drove rather a spirited horse. A shower coming up suddenly caused one of the girls to raise her um- handsomely finished in silk and made in brella. When the horse reached this he endeavored to make the turn, and the spectators were horrified to see the girls thrown with great force against the fence. Friends arrived at the place within a few seconds, but the young ladies after singing to him syren songs of her gave little signs of life. They were removed to an adjoining house and then the terrible scene that was exhibited made strong men weep. Both girls were breathing, but the skulls of both were fractured, be changed. Affairs. CHICAGO, April 15 .- Dispatches from Milwaukee confirm a rumor that Nolan Hathaway of Chicago and Miss Henrietta dressed in woman's clothes, and said she Bowen, the millionaire heiress of Delphi, was from Walnut Hills, Cincinnati. were secretiv married in that city Feb. 8. Hathaway's parents reside in Los Angeles, Cal., and he has had a remarkably romantic career. Miss Bowen is one of the heirs of the late Abner H. Bowen, over whose estate and the taxes there has been much litigation at Delphi during the last two weeks. The notoriety occasioned by not let even their intimate friends into the secret until the Delphi storm had subsided. The marriage is affirmed on the authority of the Rev. Sabin Halsey of Wisconsin, who tied the knot. Mr. Hathaway is employed with the American paper company. When seen he declined to talk about his marriage or corroborate the report that he had made an alliance with one section of the late Abner H. Bowen's \$5,000,000.

"My private affairs can be of no interest to the public," averred Mr. Hathaway, "and I cannot talk about them."

Nolan Hathaway has long been an envied young man. A handsome face, a fine figure, gentle manners and a rich tenor voice have made him a great favorite of the ladies, and to them he owes his prosperity. Envious people say he is lucky, but his friends say he has earned all his brilliant prospects. With a millionaire wife and a patroness whose check is good for half that sum, Mr. Hathaway does not seem to have a life of worry and toil for bread before him.

Mr. Hathaway was born at Washington Court House, O., about twenty-eight years ago and is of good family connections. He came to Chicago ten or twelve years ago and entered the humble vocation of a clerk. Mr. Hathaway's possibilities did not develop until about six years ago. His adventures since that time are related by a gentleman who knew the lucky young man when he lived in Indiana.

"Hathaway has enjoyed a meteoric career," he said. "His latest achievement, however, is the capsheaf of several previous fortunate conquests. Six years ago he was an underpaid and overworked dry goods clerk in Lafayette, Ind. He came long for him to get in the local swim. She virtually adopted him as a son, for ever since then he has been her confidential adviser and one of her prospective heirs. Mrs. Sumner resides in a beautiful home in this city and the finest suite in her house is occupied by her protege, who, since coming to Chicago, has held positions of responsi-bility with J. V. Farrell & Co. and the National paper company. Hathaway's future plans are the subject of much speculation by those who know of his career.'

CHARGED WITH EMBEZZLEMENT.

An Indictment Found Against Ex-Treasurer Posz of Sheiby.

Shelbyville, April 15.-[Special.]-An indictment was returned today against Michael Posz, ex-county treasurer, charging him with the embezzlement of \$13,000. these reports induced Mr. Hathaway and In 1889 Posz' term expired and he was Miss Bowen to have a quiet wedding and found short \$13,000. He notified his bondsmen and a compromise was effected. It was agreed by all the parties that Posz should turn over all his property, amounting to \$8,000, to the bondsmen, they were to pay the deficit and make settlement with the county. All the bondsmen except two or three paid their quota and the matter was supposed to be settled. These delinquents, however, have been kicking ever since, and have at each successive grand jury tried to indict him until the present grand jury did it, it is thought, simply to get rid of harassment. It is also currently reported that one of the bondsmen has placed himself in a position to be severely criticised, if not prosecuted, for compounding a felony by offering to prevent the indictment if Posz would assign gether with the fact that the prosecution is looked upon as vindictive, and the further fact that the citizens regarded the matter fully settled by compromise to such an extent as to fully relieve Posz of criminal liability, if not legally, certainly from a moral standpoint, furnishes sufficient grounds for the belief that the prosecution will be a failure.

Mr. Erwin then moved that the election of permanent officers proceed at once, but this aroused considerable opposition, and after considerable discussion, the motion then made and carried to appoint a committee of three to form rules for the guidance of the board. Mr. Downing said that the members were all strangers to him and asked for suggestions as to whom to appoint on this committee, and the result was the selection of Messrs. Erwin of this city, Custer of Logansport and

DROWNED IN BROAD CUT.

A Man and Woman of This City Throws

At 11 o'clock Saturday night Undertaker Girton received a telephone message to the effect that a boat had been found floating, bottom side up, in that part of the canal known as "Broad Cut," which is a short distance north of Brighton Beach. Beside the boat were also found floating two hats. Girton's "dead" wagon and a force of men with grappling hooks were sent to the scene of the supposed accident and in the meantime Coroner Manker was notified where she spent last winter, and brought her of the mpty boat, and he also proceeded to the scene. There it was ascertained that early oack to their home in Washington. Although in the evening a man and woman had hired a boat at Oscar Field's boat house, but their names could not be learned. Any doubt as to the fact that the occupants of the boat were drowned are set aside by the statement of Charles Schwartz, who informed a reporter for THE SENTINEI that he was within 500 feet of the boat when it capsized and heard the cries of the occupants for help. The canal was dragged for several hours and at lo'clock Sunday morning the body of the woman was dragged from the canal about a quarter of a mile north of Brighton Beach. She was a young woman, probably twenty years of a ge, was garbed in a black dress, and about her throat was a gold necklade, As soon as the body was examined Schwartz the man who saw the boat capsize and heard the calls for help, said he thought he identified her as a girl with whom Amos Lintner was in the habit of keeping company, Schwartz, who was also in a boat with ter, Jeannette, the only child, was with her at Patrolman Richardson's daughter, saw the man and woman start in the ill-fated boat at the yellow bridge and was but Mrs. Halford was buried in Indianapolis a short distance behind the boat until the time it capsized, when he was about 500 feet distant.
